

BioGov.net Highlights: Latest Insights from the project

Great Success for the BioGov.net EU Policy Workshop!

The **BioGov.net European policy workshop** “What’s next for bioeconomy education? VET and Life-long Learning Perspectives”, held online on 29 October 2024, marked a significant milestone in the BioGov.net mission to foster collaboration for a stronger bioeconomy governance across Europe. In fact, the workshop received a huge interest, collecting **94 registrations from 28 Countries** and finally bringing together **60 active participants from 34 EU projects and initiatives**, representing diverse expertise and perspectives.

Shaping the Future of Renaturation and Resilient Ecosystem Management Together!

What happens when innovators, experts, and changemakers come together to reimagine the future of a region? On November 18th, BioGov.net stepped into the spotlight at an inspiring event in Cologne-Mülheim, focused on transforming the mining area into a beacon of sustainability. With partnerships that spark innovation and a vision rooted in co-creation, this initiative is more than just a project—it’s a movement. From designing specialized training programs in bioeconomy to forging alliances with key regional players, BioGov.net is leading the charge for a greener, more resilient tomorrow.
