

# Growing Together: Art, Inclusion & Green Skills

## Final event of BioGov.net

### Concept

Join us for the **BioGov.net Final Event!**

 **Date:** 14th of May 2025, from 14h30 to 17h30 CEST

 **Location:** [Comet Louise](#), Brussels

We're excited to unveil the key results of the **BioGov.net Horizon Europe project** after two years of dynamic collaboration across eight European countries!

This event will gather policymakers, educators, researchers, and bioeconomy practitioners to explore how our findings—rooted in local needs and stakeholder co-creation—can empower regions to lead the way in sustainable, inclusive bioeconomy development.

Expect a lively mix of presentations and interactive sessions, including:

- **Designing a Bio-Based Education Programme Session**
- A **sensory experience** during our *Art Meets Bioeconomy Education* session
- Reflections on inclusive policy pathways, innovative training models, and more.
- **Coffee Breaks & Networking**, moments for participants to connect and share their experiences and contexts informally—regions, institutions, or projects.

And don't miss our **Exhibition Corner**, featuring a showcase of key results and some truly **disruptive** bio-based goods

Registration open: [Here](#)
